

Adams County 2022

Projects in Your Area

[Denver, CO, March 2022] Mile High Flood District (MHFD) is partnered with 41 local governments to master plan drainage improvements throughout the Denver Metropolitan area; design, construct, and maintain stream corridors including removal of trash and debris; provide flood warning services, and develop resources related to improving water quality in our streams. MHFD is pleased to inform you about the projects we are planning in 2022 for your county.

Capital Improvement Plan (CIP) Projects:

This program leverages local government dollars to fund stream projects that reduce flood risk and provide community amenities. In 2022, MHFD plans to work on the following projects throughout Adams County:

- 22nd Outfall to Westerly Creek
- Clear Creek at BNSF Railroad
- Niver Creek Tributary M- Thornton Parkway to Huron Street
- Irondale Gulch – Highway 2
- Shaw Heights Tributary – Lowell to Little Dry Creek
- Baseline Outfall – 19th Avenue to the Preserve

Watershed Studies:

Watershed Planning studies that have been requested or sponsored by municipalities within Adams County in 2022 include:

- Beebe Draw and Tributaries - Major Drainageway Plan
- Prairie Dog Draw and Tributaries - Major Drainageway Plan and Flood Hazard Area Delineation
- Fairfax Tributary - Major Drainageway Plan

Stream Maintenance Efforts:

This program helps local governments manage publicly owned reaches of regional streams. The 2022 Work Plan includes the following efforts throughout Adams County:

- Annual Vegetation Management & Debris Removal
- Sediment Removal
- Restoration Projects
- Minor Repairs

Special Projects:

MHFD is working on several Special Projects in 2022. Special Projects are related to data development, guidance, and research. Many are District-wide efforts. The following are specific to Adams County:

- South Platte River – 2D Modeling
