

Douglas County 2022

Drainage and Flood Mitigation Projects in Your Area

[Denver, CO, March 2022] Mile High Flood District (MHFD) is partnered with 41 local governments to master plan drainage improvements throughout the Denver Metropolitan area; design, construct, and maintain stream corridors including removal of trash and debris; provide flood warning services, and develop resources related to improving water quality in our streams. MHFD is pleased to inform you about the projects we are planning in 2022 for your county.

Capital Improvement Plan (CIP) Projects:

This program leverages local government dollars to fund stream projects that reduce flood risk and provide community amenities.

In 2022, MHFD plans to work on the following projects throughout Douglas County:

- Cherry Creek – at Dransfeldt Drive
- Cherry Creek – Upstream of Scott Road
- Jordan Creek – at Bradbury Ranch
- Happy Canyon Creek – North of Lincoln Avenue
- Happy Canyon Creek – Upstream of I-25
- West Fork of Big Dry Creek
- Cottonwood Meadows Tributary

Stream Maintenance Efforts:

This program helps local governments manage publicly-owned reaches of regional streams. The 2022 Work Plan includes the following efforts throughout Douglas County:

- Annual Vegetation Management & Debris Removal
- Sediment Removal
- Restoration Projects
- Minor Repairs

Special Projects:

MHFD is working on several Special Projects in 2022. Special Projects are related to data development, guidance, and research. Many are District-wide efforts. The following are specific to Douglas County:

- Douglas County – Stream Assessments
