

Mile High Flood District

2023 New Project List

CIP										
COUNTY	LOCAL GOVERNMENT(S)	MHFD PM	PROJECT	PROJECT DESCRIPTION	CONSTRUCTION COST RANGE	CONSULTANT (if already underway)	CONSULTANT SELECTION (QUARTER)	CONTRACTOR SELECTION (QUARTER)	ANTICIPATED CONSTRUCTION START	
Adams	Commerce City	Teresa Patterson	Irondale Gulch at Highway 2							
	Westminster	Dan Hill	Shaw Heights Tributary - Lowell to Little Dry Creek	Assessment of tributary for best location of flood control improvements in heavily urbanized tribu	\$10M		Q3 or Q4	2024		
	Thornton	Andy Stewart	Grange Hall Creek Tributary South - Grant to Washington	Flood control improvements to replace a failing/undersized culvert at Washington St, enlarge detention upstream of Washington St. and remove downstream townhomes from the floodplain. Perform value engineering study/alternatives analysis for the area to determine the scope of the overall CIP project.	\$5M-\$8M				2025+	
	Commerce City	Jen Winters	Fairfax Park Detention and Outfall	Flood control improvements to improve capacity, outfall, and operation of the Fairfax Park Detention facility. Improvements are intended to alleviate flooding issues in the surrounding neighborhood.	\$5M-\$10M		2024	2025	2025+	
	Commerce City	Andy Stewart	Ragweed Drain - O'Brian Canal Crossing	Flood control improvements per the ongoing MDP recommendations. Design and Construction of box culverts underneath the O'Brian Canal along Ragweed Drain.	\$1M-\$3M				2025+	
Arapahoe	SEMSWA/Centennial	Laura Hinds	Happy Canyon - Jordan Rd to Broncos Pwky.	Stream evaluation to look at sediment transport through Happy Canyon. Identify potential sediment removal locations and fix existing downstream drop structures.	\$1-3M	Jacobs/ERC	complete		2024	
	SEMSWA/Centennial	Jon Villines	Willow Creek County Line to Quebec	Stream and floodplain stabilization and possible conveyance/detention improvements resulting from Master Plan and Stream Assessment	\$1M-\$3M	ICON	N/A	Q1 2023	2026+	
	Englewood	Jon Villines	Dry Gulch Yale to University	Flood control and minor drainage improvements per MDP recommendations, likely alternatives evaluation/prioritization to update and phase MDP recommendations. Primarily urban storm sewer.	\$10-\$20M		Q3 2023	2024	2026+	
	Englewood	Jon Villines	South Englewood Basin Project	Flood control improvements to implement recommendations of ongoing Englewood MDP and prior studies. Primarily urban storm sewer and detention.	\$15M-\$20M		Q1 2024	2025	2026+	
	SEMSWA/Centennial	Jon Villines	Little Dry Creek Easter PI to Holly Dam	Stabilization and restoration improvements to address threatened sanitary sewer main and erosion/stability issues throughout the corridor. Stream Assessment underway	\$1M-\$3M	Jacobs	N/A	Q4 2023	2025	
	Greenwood Village	Jim Watt	Goldsmith Gulch Caley Pond	Remove sediment, install access road and forebay structures for improved maintenance access and trash and sediment removal at regional drainage facility. Replace outlet structure to implement full spectrum detention.	\$1M-\$2M			Q2 2023	2024	
	SEMSWA/Centennial/Aurora	Jim Watt	Cherry Creek at Arapahoe Rd	Stream restoration and floodplain improvements.	\$10-\$15M		Q2 2023		TBD	
	SEMSWA/Centennial	Kyle Donovan	Dutch Creek at Racoon Creek							
	Greenwood Village	Laura Hinds	Goldsmith Gulch Downstream of Berry Ave	Stream stabilization along undermined trail.	\$1M-3M	Stantec	complete		2023/2024	
Boulder	No new CIP projects available for consultants or contractors in 2023									
Denver	No new CIP projects for consultants or contractors in 2023									
Douglas	Parker / Douglas County	Jim Watt	Newlin Gulch at Recreation Drive	Improvements focused on channel stabilization and floodplain impact reduction at Recreation Drive.	\$1M-\$3M	Muller	complete		Q4 2023	
	Parker	Jim Watt	Jordan Creek at Bradbury Ranch	Improvements focused on channel stabilization and floodplain impact reduction..	\$2M-\$4M	Olsson	complete		Q4 2023	
	Castle Pines	Jim Watt	South Fork of Spring Tributary - Lagae Rd to I-25	Improvements focused on channel stabilization and floodplain reconnection	\$1M-\$3M	Muller	complete			
	Highlands Ranch	Jon Villines	East Dad Clark Gulch - Highlands Ranch Pkwy to Toepfer Park	Capital Project will include engineering and construction for realigning and reconfiguring the eroded slopes throughout the drainageway from Highlands Ranch Parkway to Toepfer Park.	\$1M-\$3M	Muller	N/A	Q3 2023	Q1 2024	
Jefferson	Golden	Dan Hill	Lena Gulch - Zeta Street and Upstream	Channel conveyance, stabilization, culvert crossings, detention	\$15,000,000	Muller		Q1		
	Golden	Dan Hill	Kenneys Run - Upstream of Clear Creek	Assessment of options for flood control between 16th St and 14th St/Ford St	\$10M+			Q3 or Q4		
	Lakewood	Kyle Donovan	Dry Gulch at Two Creeks Park							
	Arvada	Dan Hill	Van Bibber Creek - Oak to Kipling	Channel conveyance options		Olsson				
	Jefferson County	Kyle Donovan	Weaver Creek - Simms to Nelson							
	Jefferson County	Kyle Donovan	Weaver Gulch at Belleview	Improvements to 3 culverts to make them safer						
	Westminster	Dan Hill	Big Dry Creek - Sheridan to 104th	Stream improvements alongside City Park in Westminster ahead of park updates	\$13,500,000	Olsson		Q1		

STREAM RESTORATION

COUNTY	LOCAL GOVERNMENT(S)	MHFD PM	PROJECT	PROJECT DESCRIPTION	CONSTRUCTION COST RANGE	CONSULTANT (if already underway)	CONSULTANT SELECTION (QUARTER)	CONTRACTOR SELECTION (QUARTER)	ANTICIPATED CONSTRUCTION START
Adams	Adams County	Dan Hill	Page Gulch - HWY 36 to 70th Avenue				Q3	q4	2024
	Westminster	Dan Hill	Big Dry Creek BDC4-01- Sheridan to 112th			MBI		Q4	2025
	Adams County	Teresa Patterson	SPR - Henderson Grade Control	Rehabilitation of an existing grade control structure.		Merrick			
	Commerce City	Andy Stewart	Henderson Creek at I-76 to 104th Commerce Park	Conversion of retention facility to regional detention.	\$300,000-\$500,000				
Arapahoe	Aurora	Colin Haggerty	Murphy Creek Upstream of Jewell	Re-alignment of Gun Club Creek upstream of Murphy Creek	\$1.5-\$2M	Olsson	N/A	Q4 2023	Q3 2024
	Greenwood Village	Jim Watt	Goldsmith Gulch at Silo Park						
	Greenwood Village	Jim Watt	Greenwood Gulch S. Holly to E. Orchard Rd.						
	Greenwood Village	Jon Villines	Little Dry Creek at Willamette Ln	150' bank stabilization	\$100,000-\$200,000	RESPEC		Q3 2023	Q1 2024
	SEMSWA	Jon Villines	Little Dry Creek Englewood & Holly Dams	Reconstruction of both dams' outlet works including CIPP lining	\$1M-\$2M	Jacobs	N/A	Q4 2023	2024
	Littleton	Jon Villines	Littles Creek Caley to Gallup	Stream stabilization		Loewen	N/A	Q2 2023	Q1 2024
	SEMSWA	Jon Villines	Liberty Hills Trib @ Arapahoe headwall	Designed in 2022- need to build headwall		Matrix	N/A	Q3 2023	Q1 2024
	Aurora	Colin Haggerty	Pond 3 @ Girard and Jericho	Modification of existing Pond 3	\$3.5-\$4M	Respec	N/A	CEI	Q2 2024
	Aurora	Colin Haggerty	Murphy Creek	Channel improvement	\$1.5-\$2M	Olsson	N/A	Q4 2023	Q2 2024
Arapahoe County	Kyle Donovan	Sheridan High School Tributary	Channel Improvements						
Boulder	No new projects available for contractors or consultants in 2023								
Denver	Denver	Kyle Donovan	Sloans Lake Forebay						
	Denver	Kyle Donovan	Sanderson Gulch Drop Structure Repair Arkansas and Zuni						
	Denver	Kyle Donovan	Lakewood Gulch - Martinez Park						
	Denver	Jon Villines	Harvard Gulch @ Downstream of Colorado Blvd 2019	Channel improvements to improve sediment continuity and advance conveyance improvements recommended in Harvard Gulch MDP. Structure replacement of critical roadway crossings. Possible open-channeling of Harvard Gulch between Jackson St and Colorado Blvd.					
	Denver	Kyle Donovan	Sanderson Gulch @ Florida Avenue to Arkansas Avenue	Channel improvements					
	Denver	Kyle Donovan	Lakewood Gulch @ Upstream of Tennyson	Repair eroded bank at Lakewood Gulch					
Douglas	Lone Tree	Jon Villines	Fairways Trib Drops 2 & 4 Repair	Repair failed invert paving in drops 2 and 4 looking downstream from Rosemont Avenue. Saw cut existing exposed aggregate style concrete and install new exposed aggregate concrete in the invert of the drop stilling basin. This may require some low level engineering work from a consultant.	\$140,000		Q2 2023	Q3 2023	Q4 2023
	Highlands Ranch Metro District	Jon Villines	Dad Clark Gulch @ West Fork Trail	Low Flow Crossing Replacement at Dad Clark Gulch/East Dad Clark Gulch at Plaza Drive. Request is for Engineering and Construction.	\$200,000		Q2 2023	Q3 2023	Q4 2023
	Highlands Ranch Metro District	Jon Villines	Dad Clark Gulch @ Tresana Pond "C"	Failed water quality pond @ Tresana Pond "C". Retrofit program for engineering.	\$50,000		Q2 2024	Q3 2024	Q4 2024
Jefferson	Lakewood	Kyle Donovan	McIntyre Gulch - Union to Urban						
	Lakewood	Kyle Donovan	Lakewood Gulch d/s Welch S.						
	Lakewood	Kyle Donovan	McIntyre Gulch u/s Garrison St.						
	Jefferson County	Kyle Donovan	North Branch Lilly Gulch Upstream of Holland Way	Severe erosion with 8+ foot cut banks. Threatening private property. 2023 for design.					
	Lakewood	Kyle Donovan	Dry Gulch - Pierce to Saulsbury St	Channel restoration improvements along Dry Gulch from Saulsbury St to upstream of Pierce St. Design has been completed and CLOMR received. Request is for an additional construction funding.					
	Wheat Ridge	Dan Hill	CLEAR CREEK @ D/S OF 44TH	REPAIR FAILED BOULDER DROP STRUCTURE DOWNSTREAM OF 44TH AVENUE IN JOHNSON PARK IN CLEARVALE NEIGHBORHOOD OF WHEAT RIDGE.	\$750k-\$1M	Merrick		Q2	2024
	Lakewood	Kyle Donovan	McIntyre Gulch - Union to Urban	Channel restoration improvements to McIntyre Gulch from Urban St to Union Dr. Design has been completed. Request is for construction funding.
